

SUPPORT FOR FAMILIES LIVING WITH DEMENTIA

Dementia360
A Presbyterian SeniorCare Network Program

BECAUSE LIFE DOESN'T PREPARE ANYONE TO BE A DEMENTIA CAREGIVER

We understand that no two situations are the same. **Dementia360**® matches you with a *Certified Dementia Care Coordinator* who will create a personalized, tailored plan to help you and your loved one, live better, together. You don't have to face this alone - it's never too early or too late to ask for help.

Do You Feel:

- **Unprepared** to support a loved one living with dementia?
- **Isolated** and alone, not sure you can face the challenges of being a caregiver?
- **Stressed** about the increasing responsibilities of providing care and getting through each day?
- **Scared**, because your family is facing a new diagnosis and you want to be as prepared as possible?

Dementia360® can help! Scan the QR Code or visit our website at PSCNDementia360.org to learn more!

Support, Resources and Connections

By giving you the support, resources and connections you need to be an effective caregiver, **you will be able to keep your loved one at home, living comfortably and safely, for as long as possible.**

While many programs focus on providing care for your loved one - **We focus on supporting you, the caregiver.**
